UPDATED GUIDANCE ON BUSINESS CLOSURE REQUIREMENTS

To make a determination if your business is classified as essential or non-essential and, if essential, under what circumstances and conditions the business may continue to operate, businesses should refer to Governor Sisolak's Declaration of Emergency Directive 003 (available at <https://nvhealthresponse.nv.gov/wp-content/uploads/2020/03/2020-03-20-Declaration-of-Emergency-Directive-003.pdf>), the Emergency Regulations of the Department of Public Safety, Division of Emergency Management (available at <https://nvhealthresponse.nv.gov/wp-content/uploads/2020/03/3.20-Emergency-regulations.pdf>), and the U.S. Department of Homeland Security Cyber & Infrastructure Security Agency Essential Critical Infrastructure Workforce memorandum dated March 19, 2020 (available at <https://www.cisa.gov/publication/guidance-essential-critical-infrastructure-workforce#download>).

If the City receives a report of a business, or otherwise becomes aware of a business that is not in compliance, the City will refer to the "Nature of Business" the business identified on its City of Fallon business license application. The business establishment must be conducting the business identified within the parameters of the nature listed.

The goal is full voluntary compliance with Governor Sisolak's Declaration and the Emergency Regulations. If necessary, enforcement will follow a 3-step process of education, warning, and then enforcement. Should a business refuse to comply after discussion and a written warning, the City will consider enforcement measures as appropriate which might include, suspension or revocation of the business license, and potential criminal prosecution for violation of NRS 202.595 and/or NRS 202.450.

Please continue to monitor the City's website, fallonnevada.gov, Facebook page and follow the City on Twitter @CityofFallon for further updates and information.
