

**MINUTES  
CITY OF FALLON  
55 West Williams  
Avenue Fallon, Nevada  
March 1, 2021**

The Honorable City Council met in a special Council meeting on the above date in the Council Chambers, 55 West Williams Avenue, Fallon, Nevada.

**Present:**

Mayor Ken Tedford  
City Councilman James D. Richardson  
City Councilwoman Kelly Frost  
City Councilwoman Karla Kent  
Police Chief Kevin Gehman  
Chief of Staff Robert Erquiaga  
City Clerk-Treasurer Sean C. Richardson

The meeting was called to order by Mayor Tedford at 9:00 a.m.

Mayor Tedford led the Pledge of Allegiance.

Mayor Tedford inquired if the agenda had been posted in compliance with NRS requirements.

Chief of Staff Erquiaga advised that the agenda was posted in compliance with Governor Sisolak's Emergency Directives, the agenda and the supporting materials were posted at City Hall, on the City's website, and the State of Nevada's public notice website on or before 9:00 a.m. on February 24, 2021.

**Public Comments**

Mayor Tedford inquired if there were any public comments. He noted that comments are to be general in nature, not relative to any agenda items. No action may be taken on a matter raised under this item until the matter has been specifically included on an agenda as an item upon which action will be taken.

Mr. Geoff Knell of 261 Serpa Place greeted the Council stating that the Open Meeting Law is unconstitutional, and that the Council restricts and does not listen. Everywhere he goes it seems to go in deaf ears. Not Council or any of the elected officials usually want to talk to him but tolerate him. Not just the Council, the Commissioners and Boards do not want to listen. He gives truth, facts, and the Word of God to back it up. He recently spoke at an elections committee who were bringing forth a bill to the Senate, Introduction to Bill #8 the Equality Act. He spoke and opposed the bill and was able to speak 3 times for 2 minutes. He presented the 1963 Congressional Record, by S. Herlong Jr. (attached document), the communist goals. The politicians in our State and Federal government are lying through their teeth, and it is frustrating. Identify, as believers in

Jesus Christ, to better the senses to find the difference between good and evil as many are unskilled in righteousness. The Congressional Record #26 - present homosexuality, promiscuity, and depravity as natural and healthy. It is all propaganda and put in the head and stated that he has evidence proving you are not born this way. People are unskilled in leadership and seminaries; they are coming to churches and lie. Keeping people in diapers and infant stages - and cannot define it and agree with the homosexual agenda and LGBTQ. Section 34 eliminates all laws governing obscenity by calling them "censorship" and a violation of free speech and free press. In the early 1960's it was brought forth to the Supreme Court to legalize pornography. Our Nation is under the influence of pornography and influences people, in their minds and frontal lobes. When the law of this bad precedence of this Supreme Court was done, rape went up 30%, at that time. Pornography is not being withdrawn and fought against because elected officials aren't listening because of their legal obligation. The laws allow to kill human life, to kill the unborn. The Inequality Act has allowed people to be masturbators and pornographers. They legalize everything and give the precedence to legalize bestiality, pedophilia, and is all done by design. Wake up, wake up. We are the billions, we the people from the bottom up because we are getting knocked down by the top down. People are angry, bitter, and divided and we are forced to wear these pathetic masks when the risk is not as bad as they say it is. They are lying and making us do this. The Governor of South Dakota spoke; she had some common sense but our state – nope we follow California, Oregon, and Washington. He went to the School Board meeting and they had this statement on the agenda, "Student Outcomes do not Change Until Adult Behaviors Change" (read from a copy from the School Board agenda, document attached). Remove parental rights, it is all a communist goal and a tool of the devil. People need to wake up and get a true understanding. When there is a legislation in effect, write a bill to amend the Open Meetings Law. Stop the Inequality Act, stop the inhumane treatment of satanism to dominate us. People are dying more than ever before. Thank you.

Mayor Tedford thanked Mr. Knell and informed him that the Council will need copies of both items he presented.

### **Approval of Warrants**

- A) Accounts Payable
- B) Payroll
- C) Customer Deposit

Councilwoman Kent motioned to approve the accounts payable, payroll and customer deposit warrants; seconded by Councilwoman Frost and approved with a 3-0 vote by the Council.

### **Consideration and possible approval of an Agreement for Professional Services with J-U-B Engineers, Inc. for miscellaneous engineering and planning services for the Fallon Municipal Airport**

Chief of Staff Erquiaga explained that for the past 5 years the City has utilized the services of Atkins North America, Inc. for general airport consulting and planning. Atkins has coordinated with the FAA the City's project designs and walked through the Capital Improvement Projects. The agreement was for 5 years and is set to expire. The City began looking for a request for proposal and the process that is needed to obtain a new consultant to put under contract for a similar 5-year term. In September, Mayor Tedford appointed a Consultant Selection Board consisting of Chief of Staff Erquiaga, City Clerk-Treasurer Richardson, and Public Works Director Byrd. The Board developed the Request for Statement of Interest and Qualifications for Airport Planning Engineering and Consulting Services for the Fallon Municipal Airport (included in the agenda packet). The request was advertised on the City's website, in the Lahontan Valley News. The City received 5 responses from very large firms, and very small firms. The City did not receive a response from Atkins, business decisions were made, and they are not as interested in this market. The Board interviewed the top two respondents, J-U-B Engineers and Eastern Sierra Engineering, which were evaluated and ranked by the Board. J-U-B was incredibly professional in their presentation and had studied our airport and prior projects and offered a presentation that set them above the rest of the applicants. After J-U-B was selected, Chief of Staff Erquiaga and City Clerk-Treasurer Richardson met with J-U-B to discuss and negotiate fees and contractual terms, resulting in the Agreement for Professional Services. A copy of J-U-B's proposal is included in the agenda and the Master Services Engineering Agreement. We believe that the fees and the terms of the agreement are fair and competitive. We are excited to make the recommendation to the Council that J-U-B has been selected for our next Airport Consultant. Chief of Staff Erquiaga introduced Mike Wilhem and David Myer, with J-U-B Engineers. Mike and David both have familiarity with airports, nation-wide and in Nevada. They have worked with Walt Wardwell, the Fixed-Base Operator in Fallon, and he speaks very highly of their work, projects, and processes that they have undertaken in Battle Mountain. The recommendation is to approve the agreement with J-U-B and get them on board. They are currently in the process of working on our current Airport Improvement Project. There are many things that must happen moving forward with updating our 5-Year Capital Improvement Plan. Meetings with the FAA, and other communications that need to occur in a timely manner. Getting J-U-B on board and having them take over these processes will be in the best interest of the City.

Mayor Tedford inquired if the Council had any comments or questions for Chief of Staff Erquiaga.

Councilwoman Kent asked if the pricing was comparable to Atkins North America, Inc. or if it varies because the contract was five years ago?

Chief of Staff Erquiaga stated that the rates provided by J-U-B, in almost all cases, were a little bit less than what Atkins was charging for hourly rates.

Councilwoman Kent asked if J-U-B was locked into this agreed rate for 5 years.

Chief of Staff Erquiaga explained that the hourly rates are subject to annual adjustment. The agreement, if made today with J-U-B, would be for the general services outside of the project process. Most of the work is accomplished through the Airport Capital Improvement Project and is subject to the 93.75% reimbursement by the FAA. The agreement presented today is for general inquiries made outside of the project process. The hourly rates with J-U-B, in almost every case, is less than what Atkins provided. Each project that arises will be presented to the Council with new agreements, task orders describing the fees needed to design the project and are necessary to get through the bidding process, and to complete the

construction services, all of which will be subject to the FAA reimbursement.

Mayor Tedford inquired if the Council had any further comments or questions.

No further comments were noted.

Mayor Tedford inquired if there were any public comments or questions.

Mr. Geoff Knell of 261 Serpa Place stated that he has no objections but expressed his concern of why we rely on the Federal government. What is the future of the airport? We need a taxiway; we are getting lights fixed. What is the future going to uphold? We are going to have 737's coming in, go for it. Cargo planes, bringing economic means in, people would be employed. This is a very transient community with people coming in and out of this City and County a lot, especially with the military, I am one of them. How are we going to maintain ourselves? The Federal government is eventually going to fall with all their economic reset. How are we going to manage ourselves? Do we have to rely on the Federal and State funds? In the Nevada Constitution we are ordered to pay taxes to the County, why? We volunteer, unless restricted in a certain way. Where is the City's control? We rely on the outside sources, war and relying on ourselves. The 10<sup>th</sup> Amendment talks about the sovereignty of the State and keeps the Federal government out, it is we the people. What is our vision? The Federal government tell us we must have the runway a certain way. Where is the independence and our freedom? We the people. Think about it, thank you.

Mayor Tedford thanked Mr. Knell.

Mayor Tedford inquired if there were any other public comments or questions.

No further comments were noted.

Councilwoman Frost motioned to approve the Agreement for Professional Services with J-U-B Engineers, Inc. for miscellaneous engineering and planning services for the Fallon Municipal Airport; seconded by Councilwoman Kent and approved with a 3-0 vote by the Council.

Mayor Tedford thanked J-U-B Engineers for being present for today's Council meeting.

### **Public Comments**

Mayor Tedford inquired if there were any public comments.

Mr. Geoff Knell of 261 Serpa Place expressed that believing in the Lord Jesus Christ and growing in righteousness and understanding, will better the senses and define the differences between good and evil. Hebrews 5 gives a better understanding on how we can define our personal relationship and other obedience that God commands. Jesus says, if a man looks at a woman with lust, he has committed adultery in his own heart. He says, if you hate your brother, you have committed murder in your own heart. Colossians 3 says remove your anger, malice, and filthy communication out of your mouth. We don't see that in the government. The most popular word they say in the public schools today is "f", "fuck", "f-you, m-f." Where is God? In the communist goals it says to eliminate prayer and pull God out of the school and become secular. We face the Constitution and the Bill of Rights wanting it to fit a narrative. Where is God? Where is the directive and understanding of God's characteristics and attributes? What if the communist infiltrated the seminaries and independent schools? Look where we are today in the churches - non-combat effective, and it is sad. We are being run over by laws in the Supreme Court. Right now, in the Legislation H.R.5 was passed through the Senate. It is an agenda to destroy this Nation, and I made that clear when I spoke at that Commission meeting. Our pastors and elders are so unskilled in righteousness and go with the flow. People are persuaded, like in the garden when the serpent

manipulated her, and she made a personal choice. We all have a free-will choice, but we are not discerning what is going on. I walk down the street, I am getting more waves and thumbs-up because I am out there, I am doing something to be combat-effective in the spiritual war of our sins and proclaiming the Gospel of the Lord Jesus Christ. We don't hear it from the pulpit and the buildings here. I am with every single one of us, except for the Mormons and the Jehovah's witnesses, and have evaluated and know their fruit. They are limiting the revealing of the Lord Jesus Christ. As a believer, and I hope you all believe in the Lord Jesus Christ, get into the Word, and encourage because church is allowing such perversions and allowing the Federal government to dictate who we are. They push God out of government, and we operate by legal obligation, over a fact that Satan is at work. Grow in righteousness and in His Word and get an understanding because the churches are not doing it. Communists have infiltrated the church where it says to take. Romans 13:8-10 says no more healing, no more speaking in tongue, which I have done and exercised a demon. You are not going to hear that from Parkside or Grace. They are under the influence that does not exist. They want you to feel good like the Methodist church, I have heard it right out of their lips. It is okay to live in sin and not talk about repentance - believe in Jesus and all goes well and do everything as usual. Repent, and believe and trust in the Lord Jesus Christ so you may live life more abundantly.

Mayor Tedford thanked Mr. Knell.

Mayor Tedford inquired if there were any further public comments.

No comments were noted.

### **Council and Staff Reports**

Mayor Tedford inquired if there were any Council or staff reports.

No Council or staff reports were noted.

### **Executive Session**

Mayor Tedford tabled the executive session, as it was not needed at this time.

### **Adjournment**

There being no further business to come before the Council, Mayor Tedford adjourned the meeting at 9:24 a.m.

Attest:

Sean C. Richardson, City Clerk-Treasurer

Mayor Ken Tedford

11. Promote the U.N. as the only hope for mankind. If its charter is rewritten, demand that it be set up as a one-world government with its own independent armed forces. (Some Communist leaders believe the world can be taken over as easily by the U.N. as by Moscow. Sometimes these two centers compete with each other as they are now doing in the Congo.)

12. Resist any attempt to outlaw the Communist Party.

13. Do away with all loyalty oaths.

14. Continue giving Russia access to the U.S. Patent Office.

15. Capture one or both of the political parties in the United States.

16. Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights.

17. Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.

18. Gain control of all student newspapers.

19. Use student riots to foment public protests against programs or organizations which are under Communist attack.

20. Infiltrate the press. Get control of book-review assignments, editorial writing, policymaking positions.

21. Gain control of key positions in radio, TV, and motion pictures.

22. Continue discrediting American culture by degrading all forms of artistic expression. An American Communist cell was told to "eliminate all good sculpture from parks and buildings, substitute shapeless, awkward and meaningless forms."

23. Control art critics and directors of art museums. "Our plan is to promote ugliness, repulsive, meaningless art."

24. Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.

25. Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.

26. Present homosexuality, degeneracy and promiscuity, as "normal, natural, healthy."

27. Infiltrate the churches and replace revealed religion with "social" religion. Discredit the Bible and emphasize the need for intellectual maturity which does not need a "religious crutch."

28. Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of "separation of church and state."

29. Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.

30. Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the "common man."

31. Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the "big picture." Give more emphasis to Russian history since the Communists took over.

32. Support any socialist movement to give centralized control over any part of the culture—education, social agencies, welfare programs, mental health clinics, etc.

33. Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.

34. Eliminate the House Committee on Un-American Activities.

35. Discredit and eventually dismantle the FBI.

36. Infiltrate and gain control of more unions.

37. Infiltrate and gain control of big business.

38. Transfer some of the powers of arrest from the police to social agencies. Treat all

behavioral problems as psychiatric disorders which no one but psychiatrists can understand or treat.

39. Dominate the psychiatric profession and use mental health laws as a means of gaining coercive control over those who oppose Communist goals.

40. Discredit the family as an institution. Encourage promiscuity and easy divorce.

41. Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to suppressive influence of parents.

42. Create the impression that violence and insurrection are legitimate aspects of the American tradition; that students and special-interest groups should rise up and use united force to solve economic, political or social problems.

43. Overthrow all colonial governments before native populations are ready for self-government.

44. Internationalize the Panama Canal.

45. Repeal the Connally reservation so the United States cannot prevent the World Court from seizing jurisdiction over nations and individuals alike.

### American Jewry Meets the Challenge

#### EXTENSION OF REMARKS

OF

#### HON. EUGENE J. KEOGH

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 10, 1963

Mr. KEOGH. Mr. Speaker, under leave to extend my remarks in the Record, I include the following address by Mr. Louis H. Solomon on September 28, 1961, at a dinner meeting of the New York University Jewish Culture Foundation, marking the beginning of the campaign to erect a Center for Jewish Culture at New York University.

Mr. Solomon, a trustee of the New York University Jewish Culture Foundation, is a distinguished attorney. He is a graduate of New York University and a noted leader in many civic activities. He is well known among business and community leaders as the head of the Greenwich Village Chamber of Commerce.

His tribute to American Jewish leadership follows:

AMERICAN JEWRY MEETS THE CHALLENGE  
(Address presented by Louis H. Solomon on September 28, 1961)

There has been a great deal of provocative discussion of late on the subject of the role of Judaism and the Jew in Judeo-Christian world society. Too much of the discussion is a veiled attack upon the devotion of the Jew to the heritage and traditions that define his status as an identifiable, ethnic personality in a Christian-dominated world and his resistance to pressure for assimilation.

The discussions acknowledge, sometimes with evident reluctance, frequently with extravagant generosity, the importance of Judaism in world culture, as the source of the Judeo-Christian religions, and the essence of Judeo-Christian ethical philosophy. Yes, they say, the Jew has given to mankind the Judeo-Christian religions. He has given Jesus to Christianity. He has provided the concept of justice and the sense of social responsibility which make up the meaning of Judeo-Christian ethical philosophy. But the whole mood of the discus-

sion radiates the sentimental regret that the Jew remains unchanged in his determined status as a Jew, as a separate, identifiable creature, loyal to Judaism in defiance of centuries of pressure for assimilation.

Toynbee, the English historian, reflects the pronounced assimilationist viewpoint. He projects the argument that the resistance of the Jew to assimilation is responsible in a large measure for the anti-Semitic posture of the world.

In a recent discourse by Toynbee, he acknowledges generous recognition of the Jew for fundamental contributions to world society. He even ventures the regret that the strong traits of the Jew, the character responsible for the miracle of survival and so much of the world culture, that this strain is not available to enrich the other segments of human society. The underlying tone of the Toynbee creed is the covert annoyance of the historian, that in spite of centuries of history, in defiance of the sword and the pen, this remains the heritage of the Jew, a relatively small identifiable group, immune to absorption. On the other hand, is the frustrating regret of the historian, that society as a whole is denied the special strain of character values that persist in the Jew and would be made available to the rest of society by intermarriage and full assimilation.

Sometimes one wonders what prompts the persistence of the Toynbee followers to argue for the assimilation of the Jew. What is it that pushes the endeavors of this historian and his disciples so vigorously to bury centuries of sacred traditions, to subvert loyalties to faith, to destroy the spiritual potential that has given so much to so many? There is persuasive authority for the premise that all anti-Semitism is a psychoneurosis. To the psychologist, "anti-Semitism," so-called, to conceal specific Jew hatred (Judenhass), is not explainable as a rational drive. One is tempted to ask—Is the pressure for the assimilation of the Jew but an unrestrained sprout from the same sprig? Is it a symptom of the same complex?

#### THE "INTELLECTUALS"

Contemporaneously with the Toynbee discourse, an article appeared in a recent issue of the magazine *Commentary*, under the title "Intellectuals" which poses the problem, but with a wide difference in motivation. This article purports to review the attitude on assimilation of the Jew on the college campus. It emphasizes a seeming indifference to heritage and tradition among budding intellectuals.

The intellectuals, so called, are not by any means the sages of our day. Nor do they reflect the mature community judgment. These are students, budding scholars perhaps, living in an environment of challenge, of abstraction and speculation. This is not the climate conducive to respect for tradition or heritage. To them heritage and tradition are related to the dead past. History is important more for its dates than for its monuments. They present a pose of pride in sophistication, a sense of revolt against the authority of yesterday. This is a passing phase in the pursuit of wisdom. Sober assessment of spiritual values will come with maturity. They will learn that man does not live by bread alone. Then shall they claim their kinship to the people of the Bible and the treasured heritage of the Torah.

The infamous Nauman group of pre-Hitler Germany is the prototype for a small segment of American Jewish life emphasizing a pose of sophistication, ready to trade heritage and tradition. They do not want to be counted out of the fold, yet they cannot endure minority status, and they spurn affiliation with the "common herd." Devoid of intellectual insight, of moral vigor, of loyalty to tradition, and the capacity to

will improve the burden of taxation in ways that will improve the performance of our economy, but the budget outlook tells us that unless we exert a much more effective discipline over the volume of Federal spending we cannot undertake these needed measures of tax relief without courting larger and larger deficits. All the evidence points to the need for a searching scrutiny of expenditure priorities.

### Great Lady From Ohio: Mrs. Bolton

#### EXTENSION OF REMARKS OF

### HON. WILLIAM E. MINSHALL

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 10, 1963

Mr. MINSHALL. Mr. Speaker, there are 67 new Members in this Congress. They have not had the privilege many of us enjoy of having worked and counseled with a charming and remarkable colleague, Congresswoman FRANCES P. BOLTON. I am indebted to her tenfold for the benefit of her wisdom and for the courtesies she has consistently extended to me and my office ever since I came to Washington as a freshman in 1955. I can think of no better way to introduce her than through an excellent article written recently by Alvin Silverman, chief of the Washington bureau of the Cleveland Plain Dealer. There is, of course, one of the 67 new Members who needs no introduction to Mrs. BOLTON—and that is her son, Congressman OLIVER BOLTON, whom we are delighted to welcome back to Capitol Hill.

The article follows:

GREAT LADY FROM OHIO: MRS. BOLTON  
(By Alvin Silverman)

WASHINGTON.—The passing last week of Mrs. Eleanor Roosevelt and the resulting effusion of tributes to her character and achievements brought to mind the lamentable fact that not until death occurs is very much laudatory ever said about any individual.

Judged by any except the most illiberal of critics, Mrs. Roosevelt was a great woman. There are not many great women around. Their total only slightly exceeds the number of great men.

There is, however, a great woman who is a Clevelander. Since she is very much alive and very much disinclined to toot her own horn, this might be an appropriate time to discuss her.

Her name is FRANCES P. BOLTON. Congresswoman from Ohio's 22d District since 1940, Mrs. BOLTON comes from a distinguished family long associated with public service. Both of her grandfathers served in the Ohio General Assembly and one of them, Henry B. Payne, became a U.S. Representative and then a Senator.

Mrs. BOLTON and her son, OLIVER, just elected to the House for another term after sitting on the sidelines for several years while recovering his health, comprise the only mother-son team ever to serve together in the Congress.

Mrs. BOLTON is regarded as an authority on legislation dealing with U.S. foreign policy, particularly Africa and France.

In 1955 she made a 20,000-mile study tour of Africa. Her visit to 24 countries south and east of the Sahara Desert was the first extensive mission to Africa by a Member of Congress.

Two years later, she returned to Africa as an official delegate to the Ghana Independence ceremonies, and later in 1957 she made an official report on United Nation refugee camps in the Middle East.

There is not a single important official of any of the new African nations who does not consider Mrs. BOLTON a close friend and adviser. Her Washington home is virtually a headquarters for them when they are in the capital.

Far beyond her contributions in the field of foreign affairs, however, have been Mrs. BOLTON's activities in health and nursing.

The first Army school of nursing in World War I was largely the result of the pressure she personally applied on her friend from Cleveland, Secretary of War Newton D. Baker. During World War II, her Bolton bill created the U.S. Cadet Nurse Corps, an organization that graduated 125,000 nurses for the Nation's war effort. Western Reserve University's School of Nursing, named for her, eloquently bespeaks her efforts.

A friend recently was feeling pretty proud that he had been chosen to receive an honorary doctorate degree from a university. Mrs. BOLTON acted as if she could not have been more thrilled if she had received one herself. If she had, it would have been No. 15 for her.

France awarded her membership in the French Legion of Honor officer class for her work during and after World War II.

Her other awards include "Churchwoman of the Year," and the American Social Hygiene Association's award for distinguished service to humanity.

Mrs. BOLTON is vice regent for Ohio of the Mount Vernon Ladies Association, possibly the most exclusive organization in the Nation. For more than a century, it has been in charge of the George Washington National Shrine. Only recently, Mrs. BOLTON bought a large tract of land across the Potomac River from Mount Vernon so that the view would remain unchanged.

There is probably not a church or a hospital in northern Ohio that has not been saved in a major crisis by Mrs. BOLTON's financial help or other assistance.

All this, of course, does not make her a great woman.

Her greatness comes also from her character and personality and—well, you get the general idea by now.

### Pay Increase for the Military

#### EXTENSION OF REMARKS

OF

### HON. BOB WILSON

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 10, 1963

Mr. BOB WILSON. Mr. Speaker, for many months I have been extremely concerned at the delay of the Kennedy administration in pushing for a pay increase for the military, despite the fact that other governmental employees have benefited from pay raises on two occasions since the last general military pay increase in 1958.

Last fall I pledged to introduce, if necessary, and support legislation calling for a substantial pay increase. Included was to be a section correcting the inequities in the pay scales for those retired personnel who left the service prior to July 1958. These retired persons were discriminated against and a great in-

equity has existed for over 4 years as a result.

A few weeks ago I was heartened to learn that the Defense Department was supporting a pay increase measure amounting to as much as 14 percent in some categories and also correcting the inequities I mentioned previously.

Rather than introduce my version of a pay bill I have decided to defer such action until the administration's measure comes before the Personnel Subcommittee of the Armed Services Committee. As a member of the subcommittee, I recognize that legislation as introduced by the administration is merely the raw material from which a truly effective and meaningful pay bill can be molded by our subcommittee and subsequently by the Congress.

It is the responsibility of the Congress to act with dispatch on a substantial and constructive pay bill for active duty and retired personnel of our military service and I am looking forward to helping to expedite this much-needed legislation.

### Current Communist Goals

#### EXTENSION OF REMARKS

OF

### HON. A. S. HERLONG, JR.

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, January 10, 1963

Mr. HERLONG. Mr. Speaker, Mrs. Patricia Nordman of De Land, Fla., is an ardent and articulate opponent of communism, and until recently published the De Land Courier, which she dedicated to the purpose of alerting the public to the dangers of communism in America.

At Mrs. Nordman's request, I include in the RECORD, under unanimous consent, the following "Current Communist Goals," which she identifies as an excerpt from "The Naked Communist," by Cleon Skousen:

(From "The Naked Communist," by Cleon Skousen)

#### CURRENT COMMUNIST GOALS

1. U.S. acceptance of coexistence as the only alternative to atomic war.
2. U.S. willingness to capitulate in preference to engaging in atomic war.
3. Develop the illusion that total disarmament by the United States would be a demonstration of moral strength.
4. Permit free trade between all nations regardless of Communist affiliation and regardless of whether or not items could be used for war.
5. Extension of long-term loans to Russia and Soviet satellites.
6. Provide American aid to all nations regardless of Communist domination.
7. Grant recognition of Red China. Admission of Red China to the U.N.
8. Set up East and West Germany as separate states in spite of Khrushchev's promise in 1955 to settle the German question by free elections under supervision of the U.N.
9. Prolong the conferences to ban atomic tests because the United States has agreed to suspend tests as long as negotiations are in progress.
10. Allow all Soviet satellites individual representation in the U.N.
