DEBT MANAGEMENT POLICY

As of June 30, 2022

City of Fallon

Prepared by:
JNA Consulting Group, LLC

EXECUTIVE SUMMARY

This Debt Management Policy was created to fulfill the requirements of NRS 350.013. The City is generally limited in the bonds it can issue by its statutory debt limit, the \$3.64 limit on overlapping tax rates and the amount of revenue available to pay debt service on bonds. The policy discusses the outstanding and proposed debt of the City, its ability to afford such debt and other items relating to the issuance of bonds by the City.

As of June 30, 2022, the City has no general obligation debt outstanding paid from property tax. The City has \$1,783,000 of medium-term general obligation debt outstanding. It has \$6,526,108 in general obligation revenue supported bonds outstanding. In addition, the City has \$120,355 in lease purchase obligations and \$5,129,000 in revenue debt outstanding which are not considered general obligation debt.

Most of the City's debt is paid from revenues generated by its utility funds. The City presently has approximately \$56,318,873 of statutory debt limit available.

General Obligation Debt Limit

NRS 350.013 1.(c)(2) A discussion of its capacity to incur authorized and proposed future general obligation debt without exceeding the applicable debt limit;

The City is limited by state statutes as to the amount of general obligation debt it can have outstanding. The limit is equal to 30 percent of the City's total assessed valuation. As of June 30, 2022, the City has no outstanding or proposed general obligation debt paid from property taxes. It has \$6,526,108 of general obligation revenue supported debt outstanding and \$1,783,000 of medium-term general obligation debt outstanding. Based on the fiscal year 2022 assessed value, the City's available general obligation debt limit is approximately \$56,318,873.

Method of Sale

NRS 350.013 1.(c)(5) Policy regarding the manner in which the municipality expects to sell its debt;

Bonds can generally be sold at a competitive sale, negotiated sale or be privately placed.

Competitive Sale- Offering documents are sent to any firm interested in purchasing the bonds. A day and time are chosen for the sale and bonds are generally awarded to the firm offering the lowest true interest cost on the bonds (the "TIC"). The TIC is the discount rate which results in a present value of the future debt service payments equal to amount bid for the bonds.

Negotiated Sale- One firm, or group of firms, is chosen in advance to offer the bonds for sale. At the time of sale, interest rates and other terms of the bonds are negotiated with the underwriter.

Private Placement- A purchaser, usually an individual or bank, is identified and the bonds are placed directly. Interest rates and other terms of the bonds are negotiated with the purchaser.

NRS 350 generally required bonds issued by the City to be sold at competitive sale. For most City general obligation bonds, a competitive sale will usually result in the lowest TIC on the bonds. There are certain circumstances under which the City would consider a negotiated sale or private placements. Such circumstances include, but are not limited to:

- 1) Bonds issued with a variable rate of interest
- 2) Bonds rated below A- or not rated
- 3) Very small or very large bond issues
- 4) Unstable or highly volatile markets
- 5) Bonds with unusual security or structure

The City will follow the requirements of NRS 350.155 in choosing a method of sale for its bonds. If the City determines that a negotiated sale is warranted for a general obligation bond or a bond secured by an excise tax, it will distribute a request for proposal to underwriting firms. The selection of an underwriter(s) will be based on a determination of the firm that demonstrates its ability to obtain the overall best interest rate for City. Consideration in making this determination will be given to the firm's experience with similar financings, proposed compensation structure and marketing plan.

Operational Costs of Future Capital Projects

NRS 350.013 1.(c)(7) A discussion of its operational costs and revenue sources, for the ensuing 5 fiscal years, associated with each project included in its plan for capital improvement submitted pursuant to paragraph (d) if those costs and revenues are expected to affect the property tax rate.

The City has prepared a Capital Improvement Plan which is attached as Appendix B. There are no contemplated projects which would require the City to issue general obligation bonds nor levy a specific property tax. Operational costs will be paid for from operating funds for the water and sewer systems and are not expected to impact the property tax rate.

Capital Improvement Plan

NRS 350.013 1.(d) Either:

(1) Its plan for capital improvement for the ensuing 5 fiscal years, which must include any contemplated issuance of general obligation debt during this period and the sources of money projected to be available to pay the debt; or

(2) A statement indicating that no changes are contemplated in its plan for capital improvement for the ensuing 5 fiscal years.

The City's five-year Capital Improvement Plan is attached as Appendix B

Chief Financial Officer

NRS 350.013 1.(e) A statement containing the name, title, mailing address and telephone number of the chief financial officer of the municipality.

The chief financial officer of City of Fallon is:
