No action may be taken on a matter raised under this item until the matter has been specifically included on an agenda as an item upon which action will be taken.

Dr. Sue Segura greeted the Council. I am the School-to-Works Coordinator for Churchill County School District. I was just sharing with Ms. Kent, that we have 28 interns, through different businesses throughout Churchill County, and we're really excited about this new program. I am here to invite you to a great event, that we are hosting, to celebrate our High School. It is August 10th, at Rafter 3C. At a quarter to 6:00 p.m., the front doors will open. I have 45 booths; all the colleges, trade schools, and businesses will be set up. We are going to start in the big arena, our band, and our R.O.T.C program will be there. Our High June 20, 2023 Fallon City Council Meeting

School Principal Mr. Spencer will welcome everybody. At 6:04 p.m., you'll have a choice. We are going to have free food that night, hamburgers, hotdogs, chips, and water. Our food is being paid by one of our business communities, New Millenium. I have invited our County Commissioners, to help us flip burgers, and I would also like our City Council and Mayor to help, if you can come and flip burgers. So, from 6:00 p.m.-8:00 p.m., our Career Fair will be open, Mr. Spencer will say, "If you want to eat first..." we are going to have 200 seats set up to eat first or mill through. Our kids and our county are a partnership. I have a firm belief, as a former high school principal, that the High School should be the hub of the community. So, we're starting to build that community. How many want to help flip burgers? Mr. Tedford?

Mayor Tedford responded that he is unaware of what his schedule looks like for that day.

Dr. Segura stated that was okay. That is why I am here early, should I leave this here (flyer attached)? Okay, we would love to have you. If you are going to help us cook, be there at 5:15 p.m. I will have the aprons, the Volunteer Fire Department is going to have a big BBQ, we are going to have a great event for the community. I am expecting to feed 1,000 people that night. That's my goal. It's a Thursday night. Anybody that plays a sport in Churchill County will have their jerseys on, they're going to be on the ground floor. We are going to have all our clubs, all our CTE programs. It is a night to celebrate the community and get involved with our High School. Thank you.

The Mayor thanked Dr. Segura. Are there any other public comments? No further comments were noted.

Consideration of application by Lynn Lachine for a mobile food vendor license for the Pony Espresso.

Deputy City Clerk Elsie Lee stated that Lynn Lachine, owner of the Pony Espresso has made an application for a mobile food vendor license for the Pony Espresso. A mobile food vendor license is a privileged license that allows the licensee to sell food from a motor vehicle, or other type of food service conveyance, for human consumption and which is used to sell and dispense food or beverages to customers. This application has been reviewed by Deputy City Attorney Trent deBraga, Chief Ron Wenger, Deputy City Clerk Elsie Lee, and City Engineer Derek Zimney, and has been recommended for approval.

Mayor Tedford inquired if there were any comments or questions from the Council.

Paul Harmon inquired about the work being done out of a GMC pickup. Is the GMC pickup going to be towing a trailer?

Lynn Lachine stated that the trailer is towed with a GMC pickup truck. It is a 12-foot concession trailer. Everything is inside the trailer, and I am sure that I wrote it down wrong. Paul Harmon inquired if this information needs to be added to the permit.

Deputy City Clerk Elsie stated that they have the information for the trailer's registration. It is just not included in the packet.

Mayor Tedford reiterated that we have the information but that it is just not included in the packet. Any further comments from Council or the public?

No further comments were noted.

Councilwoman Kent motioned to approve the application by Lynn Lachine for a mobile food vendor license for the Pony Espresso; seconded by Councilman Harmon and approved with a 2-0 vote by the Council.

Consideration of application by Kimberly Fairbanks for a mobile food vendor license for Kim's Kool Treats.

Deputy City Clerk Elsie Lee stated that Kimberly Fairbanks, owner of Kim's Kool Treats has made an application for a mobile food vendor license for Kim's Kool Treats. A mobile food vendor license is a privileged license that allows the licensee to sell food from a motor vehicle, or other type of food service conveyance, for human consumption and which is used to sell and dispense food or beverages to customers. This application has been reviewed by Deputy City Attorney Trent deBraga, Chief Ron Wenger, Deputy City Clerk Elsie Lee, and City Engineer Derek Zimney, and has been recommended for approval.

Mayor Tedford inquired if there were any comments or questions from the Council.

Councilwoman Kent stated that she has seen Kim's Kool Treats at events. I was wondering if you only operate at a fixed location.

Kimberly Fairbanks stated that she can only operate at a fixed location because of the soft serve ice cream. Once I'm set up, I have to sit there until I drain the machines. Plus, the generator is on the back of my truck, so we have to hook those up to the trailer. There is no way for me to drive around. So, once I'm set, I'm set there until I'm done.

Councilwoman Kent stated that she understood.

Mayor Tedford inquired if there were any further comments or questions from the Council or public.

No further comments were noted.

Councilman Harmon motioned to approve the application by Kimberly Fairbanks for a mobile food vendor license for Kim's Kool Treats; seconded by Councilwoman Kent and approved with a 2-0 vote by the Council.

Councilwoman Kent inquired on the juvenile misdemeanors that were reported. Do you think this number is elevated because there has been a change at the school, since these issues now go through the Police Department?

Chief Wenger stated that they are elevated due to it being the last month of school. We typically see a rise in juvenile arrests for Disorderly Conduct in the last month of school.

Councilwoman Kent inquired if the school has made a change with their policy. Did the school change the policy of the PD's involvement?

Chief Wenger stated that the Police Department used to get involved in school incidents. I think that we are seeing more incidents with Disorderly Conduct in the schools.

Councilman Harmon inquired about the Indoctrination Training at NAS. What does this training involve with our officers?

Chief Wenger stated that these training courses include the local and state laws that will directly affect them when moving from a different state to Nevada. This includes the drinking laws, weapons laws, and gambling laws. These laws will affect these young sailors when they come in. We also advise them of things to do in the area, Grimes Point, Sand Mountain, Top Gun Raceway, Rattlesnake Raceway. We will give them a lot of information on things to do in the area.

FALLON POLICE DEPARTMENT

> Ronald D. Wenger Chief of Police

> > June 27, 2023

On June 7, 2023 the Fallon Police Department received an application for City Liquor License from Ms. Lucia Vidrio of 2000 Auction Road #1, under Vidrio Ventures LLC. Ms. Vidrio has applied for a Retail/Off-Premise Liquor License for her take out food store, Antojitos, located at 960 Auction Road Suite D within the City Limits of Fallon Nevada.

The police department has contacted the provided references and received no negative comments and Ms. Vidrio has no known criminal convictions.

I have made a personal visit to the business and learned that the Off-Premise Liquor License would enable Ms. Vidrio to sell, food and snack boxes that contain alcoholic beverages. I learned that there is no inside seating at the business and all food and alcohol sales will be "take out" only.

Furthermore, there is a supplemental form that specifically addresses the operation of the business, to include identifying the on-site manager, and acknowledgments from the applicant indicating understanding she may be held personally responsible for improper business practices.

This letter certifies that Ms Vidrio has passed a basic background check which consists of a local records, reference contacts and a CPClear records inquiry.

Sincerely,

Ronald D Wenger Chief of Police

REQUEST FOR COUNCIL ACTION

DATE SUBMITT	ED: July 10, 2023					
AGENDA DATE	: July 18, 2023					
TO:	The Honorable City	The Honorable City Council

🛛 I	Formal Action/Motion		Other – Discussion Only			

RECOMMENDED COUNCIL ACTION: Motion to approve an amended Final Subdivision Map with updated civil improvement plans and amended Development Agreement for Phase 6 of Country Air Estates.

DISCUSSION: The approval of the amended map would allow for the construction of fourteen (14) new single-family lots, and one lot to be dedicated to the City of Fallon for storm water infiltration.

On October 4, 2022, the City Council approved a Final Subdivision Map and Development Agreement for Phase 6 of Country Air Estates.Following the approval of the Final Subdivision Map and Development Agreement for Phase 6 of Country Air Estates, Rockhound Investments, LLC engaged a different engineer to update its civil improvement plans previously submitted and approved. Rockhound Investments, LLC would now like to move forward with constructing Phase 6 of the County Air Estates using the same Final Map previously approved but incorporating the updated civil improvements plans. The major changes to the civil improvements are related to the grading.

Furthermore, the amended Development Agreement reflects the new master hydrology report prepared by Civil Engineering Consultants and adds provisions to supersede the previously approved October 4, 2022, Development Agreement

The amended Final Subdivision Map with updated civil improvements and has been reviewed by Derek Zimney - City Engineer, Brian Byrd – Public Works Director, Bob Erickson – Chief of Staff, Sean Rowe- Deputy City Attorney, and Trent deBraga – Deputy City Attorney. The proposed Final

Subdivision Map and civil improvement plans have been approved by the Nevada Department of Environmental Protection and Nevada Division of Water Resources.
